INTRODUCING YOU TO ALLVALVES ONLINE LTD a Leading Valve Actuation Specialist

ALLVALVES ONLINE is a UK based Valve Actuation Specialist, formed in 2012 with over 30 years experience in the process control industry. Whilst offering an online shop for 24/7 access to our vast range of products, our main focus is offering the highest level of technical solutions to our customers' applications. Working with the **leading brands** from across the world, we pride ourselves on being able to find the right product for any application.

Since its launch in 2012, we have worked hard to gain the reputation we now have around the world as being a leading supplier of manual, actuated and related products including instrumentation, pipework and fittings, pumps and much more.

Quality is always at the heart of the company and through this desire to work to high standards, **ALLVALVES** are ISO 9001-2015 certified. Our in house Valve Actuation Centre ensures that all actuated valves are assembled and dry bench function tested in house prior to shipping. Thus giving the customer piece of mind on receiving their order that the product supplied is correct, fit for purpose and ready to install and use.

Supplying a **wide range of applications** from general industrial process, biogas and renewable energies, water treatment and chemical dosing, HVAC and many more. We are proud to work with some of the biggest names in the industry!

ISO 9001-2015 VALVE ACTUATION SPECIALISTS

MAIN PRODUCTS

BALL VALVES

Offering a wide range of ball valves from the worlds leading manufacturers, from brass, cast iron, stainless steel to carbon steel. We also offer a wide range of plastic valves . We can offer high pressure valves, special alloys such as titanium and more

MEET THE TEAM

The people that make what we do possible

ALLVALVES ONLINE have achieved what they have because of the people that make our incredible team ...

ADAM CHAPMAN is both Managing Director and owner of ALLVALVES. Taking the company from an idea in 2012 to a Multi Million pound company. Achieved by its social media presence, global tradeshow and networking. Adam has over 18 years experience.

LISA CHAPMAN joined the company in 2015 and has since achieved ISO 9001:2015 approval, has been responsible for the Accounting and HR requirements of the company. Lisa oversees our Internal Process Control to ensure maximum efficiency and Customer Service.

PATRICK DEELEY joined us in 2016 and has developed into a strong member of our Technical Sales team and contributes heavily with various projects and high value orders. Offering a great level of customer service.

JORDAN ROBERTS is our Warehouse Supervisor and is responsible for all Goods In and Out whilst handling stock management and our Customer/ Supplier returns. Jordan is very mechanically minded.

MATT CHAPMAN joined in 2016 and has covered various roles including Warehouse Manager and Export Sales. Matt is part of our sales team with a strong background on J+J actuators.

JOANNA PERKINS joined us in 2019 and has recently been promoted to our Accounts Manager, responsible for all our financials, foreign exchange and customer service.

STUART LANE joined us in 2020 and has instantly become a strong member of the Sales Team, securing large value orders for a UK Energy Plant and Export order for SAFI valves.

JOSH KENNEDY has recently joined us in our Valve Actuation Centre and is responsible for building your actuated valve orders and customer service.

ISO 9001-2015 VALVE ACTUATION SPECIALISTS
